## Classes

```
class dk::osal::MutexLock
```

## Namespaces

**dk**

The module shall added for the VS2015 compilation.

**dk::osal**

## Macros

```
#define SYNCHRONIZED(M) for(dk::osal::MutexLock _osal_lock(M); _osal_lock.testFlag(); _osal_lock.clearFlag())
```

## Macro Definition Documentation

### ◆ SYNCHRONIZED

```
#define SYNCHRONIZED ( M ) for(dk::osal::MutexLock _osal_lock(M); _osal_lock.testFlag(); _osal_lock.clearFlag())
```

Macro imitating the SYNCHRONIZED keyword from Java. The code block following this macro will be synchronized by a previously defined MUTEX variable.

```
Mutex mTempMutex;
```

```
SYNCHRONIZED(mTempMutex) { critical section of code here }
```
